World Rankings

No. 01/02 01 March 2001 (revised 06 March 2001)

- Bonus Points are awarded to the final positions in Singles events of Olympic Games, World and Continental Championships, ITTF Pro-Tour and some other individual events. These Bonus Points remain valid for a period of 12 months except the Olympic Games Bonus Points are reduced 25 % per year, World's reduced 50% per year, and Bienniel Continental Championships 50% per year .
- Players' positions in the previous ranking are shown in ( ) in column 2. (<<) = no change in position from the previous ranking lists. (unr) = did not appear on the previous ranking lists.
- Players are given **Starting Points** and enter the ranking list as soon as they have had two wins against ranked players. "New players" are marked as follows: "n" the first time they enter the ranking list; "r" in the period during which their Starting Points are re-assessed, ie from the moment they reached 2 wins until the time they reach 5 wins and 5 losses;
  "f" in the first list where their Starting Points have become final.
- All players who have had no results for 12 months or more have been removed from the lists. *(Except that players who took part in the World Championships remain on the lists until the next World Championships).* These players may re-enter the lists if a result is entered for them in the future.
- Players marked * have had no results entered for 6 months, and players marked ** have had no results entered for more than 1 year.
- In the events list on this page:
  Type: Shows if an individual competition was played in Groups (GR), a K-O system (KO), or if it was a team event (TM).
  rClass: Fixes the weighting to be used for the calculation of the Rating Points.
  bClass: Fixes the Bonus Points level to be applied.

Since the previous lists were published, results of the following tournaments have been received and entered:

CORRECTIONS: Due to some technical problems the previously released WR List 01/02, had incorrect previous positions and some player's starting points were incorrect. This version is now corrected. The relative order of the Top portion of the list is relatively unchanged. I appologize for these errors.

PROCEDURE CHANGE: New players can now enter the ranking list sooner. A player will be given STARTING POINTS as soon as he/she has two wins against ranked players. Losses are no longer required.

Next List to be released: 01/03 on 02 April 2001 @ 02:00 GMT
