

ITTF WORLD JUNIOR CIRCUIT 2007

Ottawa, 26th September 2006

Dear friends and colleagues,

It gives us a tremendous feeling of pride to present the ITTF World Junior Circuit Calendar 2007.

First introduced on a trial basis in 2002, the ITTF World Junior Circuit has seen rapid growth, both in terms of overall participation and quality delivery/organization

Entering our fifth year of operation we are now ready to present not fewer than 21 international events with a true global spread, involving all the six continents.

We have increased the number of events in Africa, Asia and Latin America reflecting a clear trend of development progress and pure motivation.

To attract quality organizers will always remain a major challenge for the ITTF Global Junior Programme. Our ambition is to work closely with all the involved parties in order to secure a positive development path for young promising players and ambitions coaches.

You are very welcome to try us out sometime. The ITTF World Junior Circuit is a fun and positive feature bringing quality junior table tennis to new markets around the world.

Finally, for our more "successful customers" we have a real treat come October next year:

The ITTF World Junior Circuit Finals in Cape Town, South Africa.

See you all out there,

With the FUTURE in Mind,

Mikael Andersson
ITTF GJP Manager

Raul Calin
ITTF Competition Manager

ITTF Junior Commission Chairman
