

# World Rankings 2006

No. 12

1 Dec 2006

- Bonus Points are awarded to the final positions in Singles events of Olympic Games, World and Continental Championships, ITTF Pro-Tour and some other individual events. These Bonus Points remain valid for a period of 12 months except the Olympic Games Bonus Points are reduced 25 % per year, World's reduced 50% per year, and Biennial Continental Championships 50% per year .
- Players' positions on the previous ranking list are shown in ( ) in column 2. (<<) = no change in position from the previous ranking list. (unr) = did not appear on the previous ranking list.
- Players are given **Starting Points** and enter the ranking list as soon as they have had 2 wins against ranked players using only results of the last **4 years**. "New players" are marked as follows: "n" the first time they enter the ranking list; "r" in the period during which their Starting Points are re-assessed, ie from the moment they reached 2 wins until the time they reach 5 significant wins and 5 significant losses; "f" in the first list where their Starting Points have become final.
- All players who have had no results for **12 months** or more have been removed from the lists. (*Except that players who took part in the World Championships remain on the lists until the next World Championships*). Players marked \* have had no results entered for 6 months, and players marked \*\* have had no results entered for more than 1 year. These players may re-enter the lists if a result is entered for them in the future. Players who have no results entered for more than **4 years** are treated as new players.
- In the events list on this page:  
**Type:** Shows if an individual competition was played in Groups (GR), a K-O system (KO), or if it was a team event (TM).  
**rClass:** Fixes the weighting used for the calculation of the Rating Points.    **bClass:** Fixes the applied Bonus Points level.

For this list, results of the following competitions have been received and entered (**last day considered for results was 1-Dec-2006**):

| DATE     | Event   | Type | rClass | bClass |
|----------|---|------|--------|--------|
